## **PTO 2.0 TRAINING: ADVANCING FIELD TRAINING THROUGH PBL**

### **ELEVATE FIELD TRAINING WITH THE PTO 2.0 MODEL**

The Police Training Officer (PTO) 2.0 program is designed for field training officers (FTOs), police educators, and law enforcement trainers seeking a modern, problem-based learning (PBL) approach to police training.

Developed by Gerry Cleveland and his team, PTO 2.0 reduces administrative burdens, enhances critical thinking, and incorporates mental health and cultural competency training—ensuring officers are better prepared for today's policing challenges.

### **What you will learn?**

- ✓ Master the Problem-Based Learning (PBL) approach for field training and officer development
- ✓ Examine the Police Training Officer (PTO) model as an alternative to traditional training methods
- ✓ Engage in interactive learning methods that enhance critical decision-making in the field
- ✓ Streamline administrative processes with updates to the Coaching and Training Reports (CTR)
- ✓ Apply PBL techniques to mental health crisis response in field training scenarios
- ✓ Develop skills for training officers in cultural dynamics and community engagement
- ✓ Enhance officer adaptability and decision-making using PBL-based instructional strategies

**MODERNIZED. STREAMLINED. FUTURE-READY.**
